

MEMORIAL INSCRIPTION RECORDING

Volunteers from the Society have been recording memorial inscriptions for over fifteen years. For each parish we also record any nonconformist graveyards and older parish cemeteries, but not normally newer council cemeteries. We publish a booklet of memorials and graveyard plan/plans for each parish but careful checking and editing takes time.

The big area of the county so far virtually unrecorded lies to the south west of Northampton and includes the Towcester, Brackley and Daventry areas. New volunteers are always welcome at our recording sessions.
